Introduction

Value is who we are.

At QualityCabinets we understand value.

It’s designing and building an attractive kitchen at an approachable cost. It’s workmanship that you can be proud of and durability that stands the test of time. It’s attention to detail and pride in a solid reputation. Value is what we build. How we work. And who we are.

Uncommon value. Woodstar® Series.

There is nothing more important than value. Selecting durable cabinetry is an investment. At QualityCabinets, we create value by offering affordable options for the hardest working rooms in the home. We value relationships and nurture them each and every day. We work hard to offer great products without cutting corners. And we do it at a fair price, with popular selections and size choices. We appreciate the opportunity to help build a house into a home.

Derby Twilight

Birch Twilight

The Woodstar® Series is our value line, very much worthy of the QualityCabinets name. We don't compromise our values to offer an affordable product. No shortcuts. Solid construction. Never cut corners. And people who make it their business to go above and beyond to exceed expectations with great products and excellent service. For cabinetry – and relationships – that will stand the test of time.

Woodstar® Series: Construction

- Wall Cabinets**
1. Finished look ($\frac{3}{8}$ " thick end panels with natural maple foiled edges)
 2. Easy-clean laminate interiors (natural maple laminate interiors)
 3. Easy access ($1\frac{1}{2}$ " front frames with a true 3" center stile on double door cabinets)
 4. Robust integrated back design ($\frac{3}{8}$ " thick back panel grooved to receive the top and bottom, ensuring alignment with the end panels and back panel; addition of a spacer block on the backside of the back panel, found on cabinets 27" and wider, prevents bowing in adverse conditions after installation)
 5. Durable hang rails (fortified $\frac{3}{8}$ " thick engineered wood hang rails with natural maple foiled edge; positioned for easy installation on back side of cabinet)
 6. Surpasses KMCA specifications (top and bottom panels are secured with wood-to-wood glue and staples through the back panel; hot melt with an additional security bead along face frame is used to attach top and bottom; $\frac{1}{2}$ " thick engineered wood)
 7. CARB 11 compliant engineered wood

- Base Cabinets**
1. Constructed for daily use ($\frac{3}{8}$ " thick end panels attached with wood-to-wood glue and staples)
 2. Moisture resistant (natural maple laminate interiors)
 3. Strong and sturdy frames ($1\frac{1}{2}$ " wide front, $\frac{3}{4}$ " thick, solid wood)
 4. Reinforced components ($\frac{1}{4}$ " thick engineered wood back extends all the way to the floor for added strength to reinforce back corners of the cabinet)
 5. Solid pine or Douglas fir hang rails for greater rigidity
 6. Four $\frac{1}{2}$ " thick engineered wood gussets hold cabinet square and are dadoed into the side panels
 7. $\frac{1}{2}$ " thick engineered wood drawers feature natural colored maple laminate interiors
 8. Dual-captured, self-aligning white drawer guides are side-mounted and hold up to 75 lbs.
 9. Solid hold under-shelf support (locking shelf clips hold shelf securely; cabinets 27" and wider have support cleats as shown)
 10. Strong shelves ($\frac{5}{8}$ " thick engineered wood; natural maple in color; require no shelf paper)

- Woodstar® Series optional upgrades:**
- Glazed finishes in select door styles
 - Increased or reduced depth options
 - Mullion and Frame Only doors
 - $\frac{3}{4}$ " thick solid wood dovetail drawers with soft-close action under-mount glide system
 - $\frac{5}{8}$ " thick all wood rabbeted drawers with side-mount guide system
